Discovery 4. Bold, flexible and astonishingly luxurious. Instantly recognisable as a Land Rover, it features a progressive, contemporary exterior. An attitude that gives Discovery 4 a refined, modern presence on-road. And off-road.
Discovery 4 features striking headlamp styling, incorporating the unique Land Rover ‘night-time’ signature*, a distinct two bar lattice grille and an aerodynamically-profiled front bumper. There are two exhilarating, new exterior body colours, Baltic Blue and Fuji White, which join the distinctive Discovery 4 line-up.

*LED front signature lights are available on some derivatives. Please see your Land Rover dealership for further details.
Discovery 4. With its distinctive profile it has always been original. With its key design features it is unquestionably sophisticated. There are body coloured painted door mirrors, as well as an Oberon finish for door handles. And jewel-like rear lamps, plus the option of stylish 19 inch or 20 inch lightweight alloy wheels.
A focal point of Discovery 4’s interior is the centre console with its integrated, flowing design. There is a premium In-Car Entertainment system and an optional full-colour, Infotainment Touch-screen as well as supremely comfortable, supportive seats both front and rear. Driver information is accessed intuitively and is presented in a clear, immediate format, with easy-to-use menus and graphics and comprehensive functionality.

Tough luxury. Discovery 4’s sumptuous, tactile interior provides superb levels of craftsmanship and comfort. Meticulous attention to design and detail, such as on the seats, is without compromise. Materials are truly premium, creating a superior ambience of quality. Fine touches, such as double stitching on the facia, are unambiguous expressions of the vehicle’s prestige.
The Terrain Response® control is easy to reach in its prominent position at the base of the centre console. There are also those small, practical details that make life with Discovery 4 so convenient: stowage space around the centre console is extra generous; useful door pockets are ready-to-hand with HSE models benefiting from their own dedicated lighting.

The interior is exclusive and rewarding to touch with its innovative design maximising all available space. While the truly flexible seating layout offers multiple configurations and up to seven full-size adult seats.
The view’s amazing up here. And it’s as good for the passengers as it is for the driver. The interior of Discovery 4 offers both supreme luxury and class-leading flexibility by offering stadium seating and second and third rows of seats that can be folded independently of each other.
Monday: Airport

Tuesday: School bus

Wednesday: Band practice

Thursday: Garden centre

Friday: Night out at the theatre

It’s the weekend...
Proper grown-up seating. As many as seven adults can travel in complete comfort and enjoy a full-sized, forward facing seat, generous legroom and wide-opening doors for easy access. The flexible, versatile seating layout offers multiple configurations to suit almost every conceivable use.

Make light work of difficult loads with Discovery 4’s two-piece, asymmetric tailgate design. Both upper and lower tailgates are made from resilient lightweight aluminium. In fact, the lower tailgate is so strong that, when the vehicle is parked, it can support the weight of two adults and be used as a viewing platform. Alternatively, the lower section can be used as a seat with the upper section providing a canopy. When fully open, the tailgate gives impressive access to the rear of the vehicle and comes into its own when loading large, bulky or heavy objects. The asymmetric portion of the lower tailgate offers a reduced reach-in distance when open and a lower load height when closed.
Making the passenger experience sublime. Thanks to Discovery 4’s bold, innovative design and upright side profile, head and shoulder room are amongst the best in class. Stadium seating ensures that all occupants share clear views of the surrounding landscape. A priority is given to refinement, including the reduction of noise intrusion and the inclusion of high-quality materials.

Discovery 4 features the legendary Land Rover command driving position, which gives better visibility over the traffic ahead for spotting hazards and helps parking and off-road driving. The command driving position brings a sense of control and can reduce stress and fatigue as all key controls are close to hand and information is easy to read.
The centrepiece of driver information is the instrument panel with its five inch Thin Film Transistor (TFT) display, showing vehicle information. Importantly, the display can be personalised using a simple menu system controlled by the thumb controls on the steering wheel. Switches for other functions, including cruise control, remote audio and phone, are conveniently located below the thumb controls.

Making the driving experience effortless. The full-colour Infotainment Touch-screen, standard on high line derivatives, is located at the top of the centre console. This provides all audio and navigation controls and is easy to use and gives intuitive access. It reduces the number of conventional controls required on the console and frees up space for an eye-catching analogue clock, which adds to the premium ambience of the interior. A choice of In-Car Entertainment options are available including a harman/kardon®, premium LOGIC7® system incorporating premium ‘theatre-style’ audio quality.

harman/kardon® and LOGIC7® are registered trademarks of Harman International Industries, Incorporated.
Superb levels of power, economy and refinement for Discovery 4.

The 245hp LR-SDV6 3.0 Advanced Sequential Turbo Diesel engine uses the latest materials and sequential turbochargers to optimise responsiveness by delivering increased torque at very low revs. This is one of the most technically advanced diesel engines in the world and uses unique, parallel sequential turbochargers for the first time in a V-engine.

A 210hp version of the LR-TDV6 3.0 Diesel engine is also available for Discovery 4 Commercial models.
Engine upgrades benefit from the latest investment in e_TERRAIN TECHNOLOGIES, specifically to reduce CO₂ emissions and improve fuel consumption. An Intelligent Power Management System includes Smart Regenerative Charging so the battery is charged when it is most economical to do so. Idle speeds are reduced and a ‘metering mode’ added to the diesel fuel injection system, delivering fuel at the exact rate needed - no more; no less.

THE FUEL INJECTION SYSTEMS ON BOTH THE DIESEL ENGINES achieve high standards of durability, combustion performance and refinement. The ultra-precise machining of high-pressure injectors ensures a fine-quality spray of fuel into the combustion chambers and optimises combustion conditions both at cruising speed and during acceleration. Both engines use a high-pressure, steel fuel rail. Fuel in the rail is detected by a high-pressure sensor which controls flow into the rail by adjusting an electromagnetic valve in the high-pressure fuel pumps’ outlet.

COMPETITIVE SERVICE INTERVALS AND REDUCED COST OF OWNERSHIP are the result of the very latest design, engineering and manufacturing techniques, as well as the use of technologically advanced materials and components. The diesel engines offer optimum performance and refinement combined with significant reductions in Noise, Vibration and Harshness (NVH). All engines have been developed to cope with the specific requirements of a Land Rover product: strength and durability when operating in dusty environments, on steep inclines and wading through rivers.
Dynamic performance on-road. Discovery 4 features advanced technology that helps keep the driver connected with the road and provides an enhanced, more engaged and entertaining drive. It makes getting behind the wheel and heading for the open road pure pleasure. Four-corner electronic air suspension* maintains a smooth, constant ride regardless of the distribution of passengers and size of load.

Discovery 4 also features Roll Stability Control, an advanced safety system which intervenes to help maintain stability. For the keener driver variable ratio steering is fitted for both manoeuvrability at low-speed and driver confidence at higher-speeds. The result is outstanding, car-like handling. Importantly, there is no compromise in extreme axle articulation and, consequently, the off-road ability of the vehicle.

*Fitted to many models as standard, please see your Land Rover dealership for further details.
Short front and rear overhangs. Exceptional ground clearance. The power and torque from the LR-SDV6 3.0 Advanced Sequential Turbo Diesel engine. They all make major contributions to Discovery 4’s superior off-road capability. And help enable maximum manoeuvrability over some of the most difficult terrains. Long-travel, all-independent suspension allows extreme wheel articulation. Ruts and rocks, for example, are conquered with ease.

Optional four-corner cross-linked air suspension provides class-leading car-like ride and handling, as well as a constant, level ride height, irrespective of the number of passengers or load distribution. Ride height can also be raised by up to 125mm to clear tricky obstacles, or lowered by 50mm for easy access and loading.
Whatever the surface, Discovery 4 takes it on with confidence. The Terrain Response® dial, standard on derivatives with air suspension, gives access to over 60 years of Land Rover 4x4 expertise and state-of-the-art dynamic technology. Enhanced with Land Rover’s latest e_TERRAIN TECHNOLOGIES, specifically to reduce CO₂ emissions, Discovery 4’s Intelligent Power Management System, shared with the Range Rover and Range Rover Sport, complements all-terrain performance with energy saving technology.
Cruising on tarmac, driving over grass, gravel or snow, taking on mud and ruts, crossing sand and crawling over rocks: Terrain Response® is your own off-road driving expert and allows you to take on almost any surface with confidence. Simply turn the conveniently positioned dial and Discovery 4’s engine, transmission, suspension, throttle and traction settings reconfigure for optimum driveability in all conditions. Land Rover’s helpful technology takes yet another step forward with Gradient Acceleration Control which enhances the standard Hill Descent Control. Gradient Acceleration Control helps reduce, and smooth out the effects of, the sudden initial acceleration that can occur when the vehicle enters a steep gradient.
DYNAMICS AND BRAKES. Driver-focused on-road dynamics. The result is outstanding, car-like handling that does not compromise extreme axle articulation and, consequently, the off-road ability of the vehicle.

AUTOMATIC HEADLAMPS WITH HIGH BEAM ASSIST detect vehicle headlamps/tail lights and dip the high beam until the light source is out of range. The system is able to distinguish between automotive and non-automotive light sources.

STEERING WHEEL CONTROLS. Steering wheel with ergonomically designed switch layout for driver information and remote audio controls. Cruise control, telephone and heated steering wheel controls are optional dependant on the vehicle derivative.

ADAPTIVE FRONT LIGHTING. For more relaxed night-time driving, Adaptive Lighting varies the light cast ahead of the vehicle so that the beams follow the curve of the road.

THE AWARD WINNING TERRAIN RESPONSE® SYSTEM optimises the vehicle set-up for virtually all on-road or off-road driving situations, with five different settings to suit different terrains such as grass/gravel/snow, sand, mud and ruts and rock crawl.

GRADIENT RELEASE CONTROL. Patented Land Rover system works with Hill Descent Control, across terrains such as rock, gravel and sand, for more controlled, confident descents. Works in reverse and first gear.

AIR SUSPENSION. Four-corner independent Air Suspension with variable ride height and electronic cross-linking for a constant level ride height irrespective of load distribution. Ride height can be raised up to 125mm to clear obstacles or lowered by 50mm for easy access and loading.

Not all features are standard on all models. Please consult with your Land Rover dealership to confirm availability.
INSTRUMENT PANEL with five inch (12.7cm) TFT display for trip information, primary vehicle information and warnings.

PARKING AID – REAR VIEW CAMERA. (Optional) Camera provides rearward view from the new, full-colour Infotainment Touch-screen. Works in conjunction with rear parking aid. Surround Camera System (Optional) comprises five digital cameras to provide near 360 degree view surrounding vehicle to aid low-speed manoeuvring via new, full-colour Infotainment Touch-screen. Can be customised to provide a single camera view or multiple images. Functions include: Parking Aid – Rear View Camera, All Round Vision, Junction View. Also includes Tow Assist and Tow Hitch Assist.

ELECTRIC PARKING BRAKE (EPB). A switch next to the gear selector to electrically apply and release the parking brakes on the rear wheels. A simple pull of the lever applies the brake manually and a press releases it. The parking brake will also release automatically upon drive away.

TRAILER STABILITY ASSIST. System helps make towing safer by detecting trailer oscillations and employing selective braking to help correct potentially dangerous situations.

TOW ASSIST. This innovative functionality has the capability to predict the direction of a trailer when reversing. An on-screen information prompt appears and confirms when a trailer is attached and guides the driver. An additional feature due to the mounting location of the rear view camera is Tow Hitch Assist that helps the driver to precisely couple the tow bar with a Tow Hitch.

PUSH BUTTON START. Once the vehicle has been accessed using the remote transmitter, the device may be stored in a pocket or bag to allow starting without remote transmitter or key being docked. The optional Keyless Entry system provides even greater convenience. When within close proximity to the vehicle along with the remote Smart key, simply open the door, get in and push the Start button.

FULL-COLOUR INFOTAINMENT TOUCH-SCREEN. Incorporates full control and functionality over integrated systems such as navigation, audio, entertainment systems, camera systems, 4x4 information and vehicle settings.
Tow Assist is a next-generation reversing aid that predicts the rearward trajectory of both vehicle and trailer. This helps the driver perform more accurate manoeuvres and is selected from the Touch-screen menu. Wide-view cameras on the vehicle give a clear field of vision; guidelines are superimposed over the resulting image to highlight the suggested reversing path for vehicle and trailer.

Other towing aids are Tow Hitch Assist and Trailer Stability Assist. The latter detects potentially dangerous trailer oscillations by monitoring vehicle behaviour such as a slight swing in response to trailer movements. It can initiate engine torque reduction and intervenes using the brakes to bring vehicle and trailer back under control. Tow Hitch Assist helps hitching a trailer to the tow ball.
Key to Discovery 4’s strength, safety and outstanding on-road and off-road dynamics is the Integrated Body-frame™. A Land Rover patented technology, it delivers more than the comfort, refinement and on-road attributes of a monocoque design. It sets new standards for off-road performance too. Other features include Anti-lock Braking System (ABS), Emergency Brake Assist (EBA) which supplies extra brake pressure in an emergency, and Electronic Traction Control (ETC) which helps maintain optimum grip. There is also the option of Tyre Pressure Monitoring System (TPMS), designed to warn you of low tyre pressure. Dynamic Stability Control (DSC) and Roll Stability Control (RSC) work with the braking system and are designed to correct cornering over or understeer and to help maintain stability at all times. Up to eight airbags are fitted: the front seats have both front and side airbags with each seat row having its own curtain airbags. For a better view ahead on bends and a more effortless night-time drive, Discovery 4’s optional Adaptive Front Lighting varies the headlamp light cast, ensuring the beams follow the curve of the road. Optional Automatic High Beam Assist detects oncoming or followed vehicles to switch between high and dipped beam.
A set of gleaming alloy wheels. Nothing highlights the character of a vehicle quite as effectively. An individual design is featured for each Discovery 4 model derivative, with an optional second style choice also available for those who like to add a touch of personalisation.

Please Note: When choosing vehicles fitted with specific wheel and tyre combinations or optional wheels and tyres, your intended use of the vehicle should be considered. Wheels with larger diameters and lower profile tyres may offer certain styling or driving benefits, but may be more vulnerable to damage, please discuss your requirements with a Land Rover dealership when selecting your vehicle and specification.
EXTERIOR COLOURS

- BALTIC BLUE - METALLIC
- BOURNVILLE - METALLIC
- IZMIR BLUE - METALLIC*
- MARMARIS TEAL - METALLIC
- NARA BRONZE - METALLIC
- STORNOWAY GREY - METALLIC
- ZERMATT SILVER - METALLIC
Thirteen eye-catching exterior colours including new Baltic Blue and Fuji White. Choose from finishes featuring shimmering chrome particles, deep rich metallics, or bold solid colour.

*Siberian Silver replaces Izmir Blue from January 2011

TO VIEW YOUR DISCOVERY 4 IN A CHOICE OF EXTERIOR COLOURS AND INTERIOR FINISHES GO TO WWW.LANDROVER.CO.UK
EBONY PREMIUM LEATHER ruched-style seat.
Opting for Leather or Premium Leather brings an extra feeling of prestige to the interior of Discovery 4. Two interiors bring their own special personality: they are Almond leather, complemented with a choice of Nutmeg (mid-tone) or Arabica (brown tone), and Ebony leather. The interior can be further enhanced with two veneer finishes, Grand Black Lacquer and Straight Grain Walnut, which are applied to centre console and door panels (standard on HSE models). Cloth seats are also available. To help your exterior colour choice co-ordinate with Discovery 4’s interior trims, we recommend a number of combinations.

Leather is Bovine sourced.

FEATURES BY DERIVATIVE

3.0 TDV6 COMMERCIAL

ENGINE & TRANSMISSION
• 3.0 litre 210hp TDV6 advanced sequential turbo diesel engine
• Misfuel protection device
• 6-speed automatic transmission featuring CommandShift®
• Diesel Particulate Filter.

SUSPENSION & DRIVING DYNAMICS
• Electronic air suspension with enhanced Terrain Response® and trip computer
• 4-channel all-terrain ABS with all round ventilated disc brakes
• Emergency Brake Assist (EBA)
• Dynamic Stability Control (DSC) with Trailer Stability Assist (TSA)
• Hill Descent Control feat. Hill Start Assist and Gradient Acceleration Control.

WHEELS
• 19” alloy wheels
• Temporary durable spare wheel
• Locking wheel nuts.

EXTERIOR LIGHTING
• LED rear tail lights
• Central high mounted stop lamp.

EXTERIOR FEATURES
• Colour coded front bumper and tailgate lift handle
• Black wheel arches, rear bumper and rear appliqué panel.

INTERIOR FEATURES
• Cloth seat facings
• Meteor door inserts and centre console finishers
• Two front seats.

COMFORT & CONVENIENCE
• Rear Park Distance Control
• Adjustable front head restraints
• 5” TFT information centre
• Keyless push button start
• Volumetric alarm system
• Automatic climate control
• Electric Park Brake (EPB)
• Electric steering column lock
• Four airbags
• Non-Smokers Pack
• Privacy glass.

INFORMATION, COMMUNICATION & AUDIO
• harman/kardon® audio system with radio, single CD player, auxiliary input and 9 speakers
• Bluetooth® phone system (Nokia)

DISCOVERY COMMERCIAL FEATURES
• Loadspace lashing points.

3.0 SDV6 GS

• Hill Descent Control feat. Hill Start Assist and Gradient Acceleration Control.

WHEELS
• 19” 7-spoke alloy wheels
• Temporary durable spare wheel
• Locking wheel nuts.

EXTERIOR LIGHTING
• LED rear tail lights
• Central high mounted stop lamp.

EXTERIOR FEATURES
• Colour coded front bumper and tailgate lift handle
• Colour coded wheel arches, rear bumper and rear appliqué panel.

INTERIOR FEATURES
• Cloth seat facings
• Meteor door inserts and centre console finishers
• 7 Seat Pack – Row three folding seats, accessory socket row three/load space, 35:30:35 folding row two seat, map lamps row three.

COMFORT & CONVENIENCE
• Rear Park Distance Control
• Adjustable front head restraints
• 5” TFT information centre
• Keyless push button start
• Volumetric alarm system
• Automatic climate control
• Load space cover
• Non-Smokers Pack (Smoker’s Pack a no-cost option)
• Electric Park Brake (EPB)
• Electric steering column lock
• Heated front screen and washer jets
• Eight airbags.

INFORMATION, COMMUNICATION & AUDIO
• harman/kardon® audio system with radio, single CD player, auxiliary input and 9 speakers
• Bluetooth® phone system (Nokia)
3.0 SDV6 XS
As 3.0 SDV6 GS plus

SUSPENSION & DRIVING DYNAMICS
• Cruise control.

EXTERIOR LIGHTING
• Bright Pack – front fog lamps, automatic head lamps, headlamp powerwash, rain sensor, electrochromic interior mirror, puddle and footwell lamps.

EXTERIOR FEATURES
• Roof rails.

INTERIOR FEATURES
• Leather seats with manual adjustment.

COMFORT & CONVENIENCE
• Front Park Distance Control
• Heated front seats
• Powerfold exterior mirrors
• Heated front screen and washer jets
• Convenience Pack – illuminated vanity mirrors, rear luggage net, third cup-holder row one.

INFORMATION, COMMUNICATION & AUDIO
• Hi ICE Pack – 8 speakers, passive subwoofer, harman/kardon® branding, audio amplifier, sidescreen antenna amplifier, single slot in-dash CD player and steering wheel mounted audio controls
• iPod® and USB audio connectivity interface
• Digital Audio Broadcasting (DAB) Radio
• Touch-screen hard disc drive navigation system.

3.0 SDV6 HSE
As 3.0 SDV6 XS plus

WHEELS
• 19” 7 split-spoke alloy wheels.

EXTERIOR LIGHTING
• LED front signature lights and rear tail lights
• Xenon front headlights
• Automatic High Beam Assist (HBA)

EXTERIOR FEATURES
• Metallic paint.

INTERIOR FEATURES
• Premium Leather Pack – premium ‘Windsor’ leather seat facings, premium carpet mats, driver’s seat cushion pocket
• Grand Black Lacquer wood finishers (Straight Grain Walnut a no-cost option)
• 8-way electric driver and passenger seats, power lumbar adjust for driver’s seat, electrically adjustable driver’s seat side bolsters, electric adjustable steering column.

COMFORT & CONVENIENCE
• Rear view camera with parking aid
• Driver’s seat memory
• Heated front and rear seats
• Keyless entry
• Interior mood lighting
• Electric front sunroof plus two fixed Alpine roofs.

INFORMATION, COMMUNICATION & AUDIO
• Premium ICE Pack – harman/kardon® LOGIC 7® with 13 speakers, active subwoofer, DSP amplifier, side screen antenna amplifier, single slot in-dash CD player and steering wheel mounted audio controls
• Touch-screen hard disc drive Premium Navigation System including 4x4 interface, TMC and voice control.
Even the rearmost passengers enjoy a glass roof in Discovery 4 with the optional Alpine roof and spectacular views. While the combined reflective properties of the glass panel and interior sunblinds keep everyone cool and the cabin light and airy.
PORTABLE AUDIO INTERFACE. An innovative and convenient way to play portable music, including MP3 player, USB and iPod through harman/kardon® high line and premium systems. Music folders, files and tracks are displayed on the full-colour Infotainment Touch-screen.

Please note: An optional iPod Connectivity Lead is required to connect iPod to system.

iPod is a trademark of Apple Inc., registered in the U.S. and other countries.

REAR SEAT ENTERTAINMENT. Rear passengers can watch DVDs individually or play their own portable games console through the optional twin-screen entertainment system, playing the sound through individual headphones or from the optional harman/kardon® premium LOGIC7® system incorporating premium ‘theatre-style’ audio quality.

REMOTE PARK HEAT [Optional, on 3.0 Advanced Sequential Turbo Diesel engine only] pre-heats engine and channels residual heat into cabin for added comfort at journey start. Programmable via Infotainment Touch-screen or activated by remote control.

ELECTRICALLY ADJUSTABLE SEAT BOLSTERS with Premium Leather on HSE derivatives. Provide the driver with added comfort and support. All front seats benefit from new, more supportive, cushion design.

HARD DISC DRIVE NAVIGATION (HDD). Increased access speed, new graphics and display. HDD stores more data and can be upgraded via a Land Rover dealership download.

Not all features are standard on all models. Please consult with your Land Rover dealership to confirm availability.
**DIMENSIONS & CAPABILITY**

Obstacle Clearance
Ground clearance up to 310mm (air suspension)
Standard ride height 185mm

Wading Depth
Maximum wading depth 700mm [27.56 in.] (air suspension only)
Normal wading depth 600mm (23.62 in.)

Interior
- **Head room** = mm [inch]
  - 1st row: 1,020 (40.2) [1,027 (40.4) with Alpine roof]
  - 2nd row: 1,043 (41.1) [1,076 (42.4) with Alpine roof]
  - 3rd row: 983 (38.7) [1,018 (40.1) with Alpine roof]
- **Leg room** = mm [inch]
  - 1st row: 1,078 (42.4)
  - 2nd row: 955 (37.6)

Fuel consumption figures: The results given here do not express or imply any guarantee of the fuel consumption of any particular vehicle with which this information may be supplied. Vehicles are not individually tested and there are inevitable differences between individual vehicles of the same model. The vehicle may also incorporate particular modifications. Furthermore, the driver’s style and road traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption.
ACCESSORIES

Discovery 4 is so capable and adaptable it can get straight to work across a huge variety of vastly differing terrain, conditions and roles. Even so, some owners want to add their own stamp of individuality by tailoring their Discovery 4 to their specific needs with a range of stylish, practical accessories. Accessories that are tough, versatile and bring an opportunity for personalisation to Discovery 4. Importantly, these accessories can be added at any stage during the vehicle’s life - not just when it’s new.

Vehicle shown right is accessorised with Side Protection Tubes - Stainless Steel, Body Side Mouldings with Bright Insert, Short Roof Rail Kit - Bright Finish and 20 inch 5-Spoke alloy wheels - Diamond Turned Finish.
Rear Mudflaps

VPLAP0017 2009 Model Year vehicles onwards.

Front Mudflaps

CAS500010PCL

Snow Traction System

LR005737
Applicable to 255/60 R18, 255/55 R19, 255/50 R20 wheel and tyre sizes. Fit to front wheels only.

20 inch 8.5J 5–Spoke Alloy Wheel – Diamond Turned Finish

VPLAW0002*
Rim only 2009 Model Year vehicles onwards.
Recommended Tyre: Pirelli Scorpion Zero 255/50 ZR20 109Y
Centre Cap – Bright Polished Finish
RRJ500060MUZ

20 inch 8.5J 10–Spoke Alloy Wheel – Titan Silver Finish

VPLAW0003*
Rim only 2009 Model Year vehicles onwards.
Recommended Tyre: Pirelli Scorpion Zero 255/50 ZR20
Centre Cap – High Gloss Finish
RRJ500030MCM

Rim only 2009 Model Year vehicles onwards.

Recommended Tyre: Pirelli Scorpion Zero 255/50 ZR20
Centre Cap

RRJ500060MUZ

*Please Note: Must be ordered as a set of five 20 inch wheels per vehicle and each 2009 Model Year vehicle only must have a tyre information label fitted. (VPLAW0004) When choosing vehicles fitted with specific wheel and tyre combinations or optional wheels and tyres, your intended use of the vehicle should be considered. Wheels with larger diameters and lower profile tyres may offer certain styling or driving benefits, but may be more vulnerable to damage, please discuss your requirements with your Land Rover dealership when selecting your vehicle and specification.

The alloy wheels shown on page 33 may also be available as an Accessory fitment, please see your Land Rover dealership for further details.
Stainless Steel Rear Bumper Tread Plate
LR006874

Raised Air Intake
VPLAP0018
Additional parts are required for 3.0L TDV6 and 3.0L SDV6 models:
Hose LR013711
Elbow PHD000714

Bright Finish Mirror Caps
Upper – VPLMB0041

Additional parts are required for 3.0L TDV6 and 3.0L SDV6 models:
Hose LR013711
Elbow PHD000714

Protection Bar
VPLAP0022
Made from soft-feel polyurethane. Compatible with the Electric Winch. Driving Lamp Kit not included.

Front Lamp Guards
VPLAP0008
Rear Lamp Guards
VPLAP0009

Driving Lamp Mounting Brackets
Pair - Direct to Bumper VPLAV0020
Pair - For use with Protection Bar VPLAV0021

Driving Lamp Kit
VPLAV0019
High performance halogen driving lamps supplied with covers. Additional mounting brackets required. Not compatible with Electric Winch (VUB501471)

Stainless Steel Rear Bumper Tread Plate
LR006874
EXTERIOR STYLING - ACCESSORIES

Fixed Side Steps
VPLAP0035

Side Protection Tubes, Stainless Steel
VTD500020

Side Protection Tubes, Black Steel
(not shown) VTD500010

Stainless Steel Trim Finisher Kit:
Includes Lower Door Trim Finishers and a Tailgate Trim Finisher
VPLAB0044

Body Side Mouldings with Bright Insert
VPLAP0013

Body Side Mouldings without Bright Insert
(not shown) VPLAP0012
**CARRYING & TOWING – ACCESSORIES**

**Combination Tow Ball/Jaw Unit**
RTC8159
50mm tow ball and jaw combination for increased towing versatility. Fit only to 450mm (from ground), Tow Ball position of Multi-Height Tow Bar. 3,500kg trailer load capacity (250kg trailer nose load).

**Multi-Height Tow Bar**
LR007484
50mm Tow Ball. Three different towing heights. Lowest tow ball height 350mm from ground. Highest tow ball height 500mm from ground. 3,500kg trailer load capacity (250kg trailer nose load). Not compatible with Body Styling Pack 2008-2009 Model Year vehicles.

**Underbody Protection (non winch version)**
VPLAP0024

**Underbody Protection (winch version)**
[shown below] VPLAP0025

**Quick Release Tow Bar**
KNB500070
Lockable for security. Easily removed. 50mm Tow ball, height 400mm from ground. 3,500kg trailer load capacity (250kg trailer nose load).

**Quick Release Tow Bar Stowage**
(not shown) VVO500020
Hidden loadspace storage block. 7 seat vehicles only.

**Tracking Target Sticker**
(not shown) LR021589
Required for vehicles equipped with the Surround Camera System option which includes Tow Assist.

**N’ and ‘S’ Type Towing Electrics**
VPLAT0011
Provides all trailer rear lighting and interior equipment power, where required. Supplied as a complete kit. Compatible with the Lighting Board.

**13 Pin Towing Electrics**
VPLAT0012
European-style towing electrics capable of supplying all trailer rear lighting and interior equipment power. Not compatible with the Lighting Board.

**Electric Winch**
†VUB501471
4,300kg (9,500lb) maximum load capacity. Includes cover for protection when not in use. Plug-in remote control allows safe operation from up to 3.6 metres. Compatible with Protection Bar (VPLAP0022).

**Winch Accessory Kit**
[not shown] STC53202
Includes strap, snatch block, two shackles, heavy duty gloves and a storage bag.

**Lighting Board**
STC8153
4-metre cable plugs into ‘N’ Type Towing Electrics socket.

---

*Required for vehicles fitted with Trailer Assist option.
**Please Note: These Accessories are not suitable for Caravans, Trailers or Lighting Boards fitted with rear-mounted LED Lamp Kits.
†Underbody protection not included.
CARRYING & TOWING – ACCESSORIES

**Short Roof Rail Kit – Bright Finish**  
CAP500090

**Short Roof Rail Kit – Black Finish**  
(not shown) CAB500120PVJ

**Full Length Roof Rail Kit – Bright Finish**  
LR006442

Cross Bar Kit not included.

**Cross Bar Kit – Bright Silver Finish**  
LR007472
Adjustable position crossbars, for carrying all Land Rover roof mounted accessories featured. Easily removed when not in use. Lockable for security. Vehicle height when fitted 1,980mm at normal ride height. Load capacity 71.8kg. Vehicle must have factory-fit roof rails fitted or Roof Rail Kit CAB500120PVJ (not shown)/CAP500090/LR006442

**Sports Box**  
VPLDR0002
Lockable for security. Can be mounted either side for kerbside opening in any country. Internal retention system for skis or other long loads. External dimensions: 2,300mm long, 620mm wide, 390mm high. Volume 400 litres. Load capacity 56.3kg.

**Sports Box**  
VPLDR0003
Lockable for security. Opens from both sides. External dimensions: 1,600mm long, 960mm wide, 410mm high. Volume 450 litres. Load capacity 54.8kg.

**Luggage Box**  
VPLDR0003
Lockable for security. Opens from both sides. External dimensions: 1,600mm long, 960mm wide, 410mm high. Volume 450 litres. Load capacity 54.8kg.

**Luggage Carrier**  
LR006848
Load capacity 62.6kg.

*Roof Rails and Cross Bars are required for all Land Rover roof mounted accessories. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted.
Bike Carrier
STC50063
Fits to Multi-Height Tow Bar only. Holds two bikes. Trailer may be towed at the same time. Tow Ball can only be fitted at 350mm and 500mm heights. Not compatible with Friction Type Tow Hitches.

For further information on Land Rover Bikes please go to www.2x2worldwide.com

Rear Access Ladder
AGP780020

Aqua Sports Carrier*
LR006846
Carries one surfboard or sailboard and mast, or one canoe or kayak. Load capacity 45kg.

Ski and Snowboard Carrier*
LR006849
Lockable for security. Carries four pairs of skis or two snowboards. Incorporates slider rails for easy loading. Load capacity 36kg.

Lashing Eye Kit*
VUB503160
Six additional tie-down points for use with Crossbar T-slots.

Ratchet Strap
CAR500010
Nylon tie strap for securing items to the Crossbars or Luggage Carrier. 5 metres long, 20mm wide. Supplied individually.

Bike Carrier
STC50063
Fits to Multi-Height Tow Bar only. Holds two bikes. Trailer may be towed at the same time. Tow Ball can only be fitted at 350mm and 500mm heights. Not compatible with Friction Type Tow Hitches.

For further information on Land Rover Bikes please go to www.2x2worldwide.com
INTERIOR STYLING – ACCESSORIES

Rigid Loadspace Protector
EBF500080
Cargo Barrier and Cargo Divider compatible. EBF500010
Not compatible with Cargo Barrier.

Loadspace Rubber Mat
LR006401
Waterproof with retaining lip and non-slip surface.

Stainless Steel Sill Tread Plate
EBN500041
Covers front and rear door sills.

Cargo Barrier
VUB501170
Easily removed. Retains cargo according to EC regulation 17. Can be fitted with Loadspace Rubber Mat (LR006401), Rigid Loadspace Protector (EBF500080) and used with standard loadspace cover.

Cargo Divider
EOH500040
Separates pets from cargo. Lockable outer gate on one side. Must be fitted with Cargo Barrier. Can be fitted with Loadspace Rubber Mat (LR006401) and Rigid Loadspace Protector (EBF500080). Not compatible with standard loadspace cover.

Flexible Loadspace Protector
VPLAS0002
Heavy duty fabric protects loadspace up to window height. Also covers loadspace floor with second row seats folded. Includes heavy duty gloves.
STOLEN VEHICLE TRACKING
Land Rover Watch and Land Rover Trackstar are the pan-European vehicle tracking systems for Land Rover. They comply with Europe’s highest insurance standards and are available in two formats: Standard and Advanced. The system constantly monitors the vehicle, so you can be assured protection is provided 24 hours a day, 7 days a week both in the UK and in European countries that have adopted the GSM mobile phone system. Please see your Land Rover dealership for further details.

TOURING ACCESSORIES
iPod Link Lead
(not shown) LR019691
Integrate the latest iPod technology into the vehicle audio system. In addition the link lead also acts as a charger for your iPod device.
iPod is a trademark of Apple Inc., registered in the US and other countries.

Bulb Kit
(not shown) VFLAV0018

Fire Extinguisher
(not shown) VPLAS0041 1kg powder extinguisher with front seat and floor mounting brackets. Compatible with manual and electric seats.

Warning Triangle
(not shown) KCC500021

First Aid Kit
(not shown) STC7642

Tow Strap
(not shown) STC8919AA
Includes storage bag that can be attached as a warning flag to the strap. 3,000kg maximum load capacity.

Touch-up Paints
(not shown)
A comprehensive range of touch-up paint sticks and aerosols to help your Discovery 4 look as good as new despite those minor chips and scrapes. Consult your Land Rover dealership for further details.

Premium Carpet Mat Set
Deep pile carpet with waterproof backing
Ebony – VPLAS0022PVJ
Nutmeg – VPLAS0022SVB

Rubber Mat Set
LR006237

Rubber Mats, Third Row [not shown] EAH500100PMA

Load Retention Net
VUB503130
Utilises loadspace tie-down points. Includes floor net and two ratchet straps. Strap length approximately 2 metres

Ebony – VPLAS0033PVJ

**Electric Cool Bag**
VUP100140L
Powered by the 12 volt auxiliary socket. Thermostatically controlled temperature. Easy clean interior surface.
Height 380mm, length 380mm, width 220mm. Volume 14 litres.

*Children are safer when correctly restrained in the rear of a vehicle. Please Note: All seat cover patterns and colours are periodically updated.
**Protects seats from mud, dirt and wear and tear. Machine washable. Includes headrest and armrest covers. Colours shown may differ from the actual product.
Our plan for a sustainable future.

We take our responsibility to our planet very seriously, with an integrated and innovative approach for a sustainable business and lower carbon world. As a company we are committed to:

Reducing our dependency on fossil fuels and the production of man-made CO₂ emissions...

Using fewer resources and creating less waste...

Enthusing our employees and stakeholders for sustainable business development

At Land Rover we do this by investing in four key areas:

**e_TERRAIN TECHNOLOGIES. EFFICIENT POWER SYSTEMS; LIGHTWEIGHT STRUCTURES, REDUCED EMISSIONS**

A joint £800m investment into new technologies designed to reduce CO₂ emissions and improve fuel consumption. We are targeting a 25 percent reduction in joint fleet average tailpipe CO₂ emissions within the next five years. Beginning with an intelligent Stop/Start system on Freelander 2 diesel manual, followed by Intelligent Power Systems Management (IPSM) with Smart regenerative braking on all Discovery 4, Freelander 2 and Range Rover vehicles, to the announcement of our new compact Range Rover, e_TERRAIN TECHNOLOGIES form a fundamental part of our carbon management plan.

Freelander 2 eD4 models with intelligent Stop/Start now have 158g/km CO₂ emissions

**SUSTAINABLE MANUFACTURING. USING FEWER RESOURCES AND CREATING LESS WASTE**

World class manufacturing facilities, certified to ISO14001 since 1998. As a company we are targeting a 25 percent reduction in operating CO₂ emissions by 2012, 25 percent in waste to landfill and 10 percent in water consumption, based off 2007 levels. Going forward we are measuring our total operating carbon footprint and setting targets to reduce it; since 2006 this integrated approach has included the carbon offset of all manufacturing assembly CO₂ emissions from our Solihull and Halewood plants. But it doesn’t stop there. Every new vehicle is designed to be 95 percent recoverable and reusable – with 85 percent that’s recyclable and a further 10 percent that can be used to generate energy.

In 2009, we reduced our CO₂ emissions by 26,550 tonnes, water consumption by 192,000m³ and 1,300 tonnes to landfill
CO₂ OFFSETTING. INVESTING IN RENEWABLE ENERGY, TECHNOLOGY CHANGE AND ENERGY EFFICIENCY PROJECTS

For every tonne of CO₂ emitted during the manufacturing assembly of all our vehicles, Land Rover invests in carbon reduction projects that reduce an equivalent tonne of CO₂ elsewhere. In addition, we enable our customers to offset their first 45,000 miles/72,000 km of driving in their new vehicles. We do this in the UK as well as countries in Europe, the Middle East and Asia. Independently administered by ClimateCare and governed by a body of climate change experts, CO₂ offsetting allows us to take action now, to reduce our impact on the environment as part of our integrated carbon management plan.

Land Rover currently has 19 emissions reduction projects in our plan to offset approximately 2,500,000 tonnes of CO₂ by 2012...

Our customers in the Middle East have contributed over $1,650,000 to this target since October 2008...

We have three Gold Standard projects in the portfolio: energy efficient stoves in Uganda and Ghana and wind generation in Aliaga Turkey.

CONSERVATION AND HUMANITARIAN PARTNERSHIPS. WORKING PARTNERSHIPS FOR CONSERVATION & SOCIETIES GAIN

Our vehicles are designed for purpose, so are used by conservation and humanitarian organisations worldwide. Working with our five Global Conservation partners and the International Federation of Red Cross and Red Crescent Societies (IFRC), Land Rover is proud to support the important work of the Royal Geographical Society (with IBG), The Born Free Foundation, Earthwatch Institute, Biosphere Expeditions and the China Exploration and Research Society.

As part of our Sustainability policy Land Rover has actively promoted responsible off-road driving since 1990...

This year Land Rover launched a new three-year global initiative with the IFRC entitled ‘Reaching Vulnerable People around the World’ through which Land Rover aims to support IFRC’s life saving work. To date Land Rover has given over £2.5m worth of support to IFRC, including vehicle donations and funds raised.

Important Notice: This publication is intended for use in the United Kingdom and whilst Land Rover take the utmost care in ensuring that all details in the publication are correct at the time of going to press, we are constantly striving for improvement and therefore reserve the right to alter specifications and equipment without notice. Details of specifications and equipment are also subject to change to suit local market conditions and requirements, and not all products are available in every market. Some vehicles are shown with accessories or optional equipment fitted.

Land Rover Approved Accessories (with the exception of TrailAir system) fitted by a Land Rover dealership within one month or 1,000 miles/1,600 kilometres (which ever occurs first) of the handover of a new registered vehicle will benefit from the same warranty terms and period of cover as the vehicle warranty. Accessories purchased outside of these parameters will be subject to 12 month unlimited mileage warranty. All Land Rover Approved Accessories are rigorously tested to the same exacting standards as those applied to our vehicles. Performance in extreme hot and cold temperatures, corrosion resistance, impact and airbag deployment highlight some of the exhaustive product testing carried out to ensure accessories are both durable and importantly, continue to comply with current legislation. All our accessories are designed to be an integral part of Land Rover vehicles. While many items such as roof carriers are simple to fit, some products require specialist tools and diagnostic equipment to ensure correct integration with the vehicle structure and electrical systems. These products vary from market to market, please consult your Land Rover dealership who will be pleased to advise you on current specifications and any query you may have. Distributors and dealerships are not agents of Land Rover and have absolutely no authority to bind Land Rover to any express or implied undertaking or representation.

The colours reproduced here are subject to the limitations of the printing process and may therefore vary slightly from the actual vehicle. The company reserves the right to alter or withdraw any colour finish without notice. Some of these colours may not be obtainable in your country. Please check availability of colours and current specifications with your Land Rover dealership. Distributors and dealerships are not agents of Land Rover and have absolutely no authority to bind Land Rover to any express or implied undertaking or representation.

Land Rover Finance offers a wide range of competitive finance and insurance plans, developed exclusively for Land Rover owners and tailored to meet all your individual requirements*. With Land Rover Finance you are dealing with people who have a close working relationship with your local dealership and who are as passionate about Land Rover as you are. Your Land Rover dealership will match your personal or business requirements to the most appropriate finance plan, provide you with quotations and process your application.

Warranty Every new Land Rover supplied by Land Rover UK comes with a standard three year unlimited mileage warranty. Please apply to your dealership at the time of purchase for full details of the manufacturer's terms and conditions.

Land Rover Contract Hire is designed to make the Fleet Manager's job easier. Contract Hire is an efficient way of paying for the use of a vehicle without absorbing the costs of ownership and allows your company to make a fixed monthly payment whilst removing assets from the balance sheet. Please contact your Land Rover dealership for more information.

*Finance is subject to status and conditions. Available to over 18's in the UK only.
Guarantees/indemnities may be required. Certain categories of business user may be excluded.
