Introduction
Constant all-rounder, highly-advanced Freelander 2

Power
Engines and transmissions, performance and economy

Breadth of capability
As capable on-road as it is over more challenging terrain

Smart technology
In-car technology and premium audio system

Interior environment
Premium materials, improved aesthetics and all-round versatility

Safety
Safety through design and technology

Specifications and choices. Technical data
Exterior and interior colours, wheels. Powertrain, dimensions, capabilities and weights

Accessories
More style, more practicality and more individuality

Our Planet
Our plan for a sustainable future
The latest Freelander 2. An even more purposeful stance. Sportier and more sophisticated. With a new look front and rear. And new wheel styles and colours. Freelander 2 is ready and prepared to tackle whatever life throws at it.

Its distinctive exterior is revised, with its sleek lines giving it a more immediate sense of purpose. There’s an updated interior with an even greater choice of options and materials, adding even more excitement to Land Rover’s most fuel-efficient vehicle. Freelander 2’s style and engineering delivers refinement, performance and economy. It’s smart and strong, compact and spacious. Unparalleled comfort both on-road and off-road. Pure, state-of-the-art Land Rover.
Freelander 2 is designed to put the driver in control. Land Rover’s renowned command driving position is an intrinsic part of the vehicle’s design.

It improves the view of the road ahead and gives better visibility of the vehicle’s front corners, which helps with manoeuvring and parking in urban environments. The driver’s seat is also optimised for comfort and support with six-way adjustment as standard (electric operation with three memory settings is available) and the steering wheel can be adjusted for rake and reach ensuring that you can set the position that is right for you.
Added power, performance and torque. Improved economy. Reduced emissions. Freelander 2 is now available with two new, highly efficient diesel power units. Both engines feature a new turbocharger, which delivers improved response, offer a useful extra 20Nm of torque and are 2dB quieter than the outgoing engine.

The new 2.2 litre 150PS Diesel engine, fitted to eD4 and TD4 models, delivers both improved CO₂ emissions and better economy compared to the previous model. And now, for those customers who want the advantages of Freelander 2’s command driving position, class-leading ground clearance, 2,000kg braked towing capacity and great interior flexibility, but don’t require the ultimate in 4x4 capability, Freelander 2 will also be available as a two wheel drive vehicle – badged eD4 – from early 2011.

An improved, intelligent Stop/Start system is fitted to all eD4 and TD4 diesel manual models. This enhances fuel efficiency and reduces tailpipe emissions to zero, by shutting down the engine, in appropriate conditions, when the vehicle comes to a stop. The system can now operate at temperatures as low as 0°C and has a 30 percent quicker re-start time.

The enhancements made to the powertrain mean that fuel economy and CO₂ emissions are improved on all diesel models. For example, eD4 models deliver fuel economy of 47.2mpg* on the combined cycle with 158g/km of CO₂ – improvements of 10.4 percent and 11.7 percent respectively.

The new 2.2 litre SD4 Diesel engine produces 190PS and 420Nm of torque – and is fitted as standard with an updated six-speed automatic transmission with CommandShift®. The improvements to the powertrain delivers a 0-60mph time of 8.7 seconds – almost two seconds quicker than the unit it replaces. But the gain in performance is not at the expense of economy and CO₂ emissions. Delivering 40.4mpg on the combined cycle with 185g/km of CO₂ the SD4 is better by 11.4 percent and 13.6 percent respectively than the outgoing engine. Freelander 2 is packed with innovative technology that helps save fuel.

*Manufacturer’s estimate
The refinement you expect from a premium saloon. The perfect balance between ride and handling, but in a premium compact 4x4. It makes driving Freelander 2 a pleasure, whether it’s on-road or off-road.

Independent suspension with long wheel travel, coupled with an exceptionally stiff body structure, delivers sure-footed composure and agility as well as outstanding ride comfort. For driver and passengers alike, Freelander 2 is as at home on the sweeping curves of the highway as it is over all-terrain and all-weather conditions. And with no less than 24 (and counting) motoring awards worldwide since launch, Freelander 2 continues to set the standard.
Freelander 2 is ready to go where you want, when you want. That’s because it’s ready to take on tough terrains and conditions with long-established Land Rover qualities such as excellent entry/departure angles and outstanding ground clearance as well as taking full advantage of the most modern off-road driving aids.

On steep or slippery descents, the latest generation Hill Descent Control* technology improves control by engaging smoothly and easily as soon as the foot brake is released. Land Rover’s Gradient Release Control* ensures smooth hill starts whether ascending or descending.

*Not available on eD4.
Effortless control on-road and off-road. Using any one of four different settings, Land Rover’s unique Terrain Response® system* maximises traction across a wide variety of surfaces and different weather through the vehicle’s electronic management systems and traction aids.

This exclusive capability optimises driveability and comfort. It’s like having a Land Rover expert sitting alongside you. Choose your setting – general driving, grass/gravel/snow, mud and ruts, or sand – which can be selected on the move via a convenient rotary control located in front of the gear selector.

*Not available on eD4.

**General Driving** – tuned to give good vehicle dynamics in normal on-road driving and across a wide range of light off-road conditions.

**Mud and Ruts** – appropriate on unsurfaced tracks with ruts or soft, wet ground where some degree of wheel spin is important in order to maintain vehicle momentum.

**Grass/Gravel/Snow** – maximises traction and control on firm, but slippery, surfaces. Wet leaves and grass, gravel or hard-packed snow and ice call for this setting.

**Sand** – provides momentum in dry, soft sand, with the powertrain and traction control systems adapting constantly to the terrain.

**TERRAIN RESPONSE®** is as useful on-road as it is off-road. It actually adds to the on-road capabilities of Freelander 2, allowing you to maximise your vehicle’s potential to go further and see more – all with outstanding control.
In Freelander 2 everything is within easy reach. Interior aesthetics are now more integrated, with a choice of four new trim finishers on the facia, including an optional Lacquered Piano Black finisher, which comes with matching steering wheel finishers.

There is an updated instrument pack with clearer, more contemporary graphics. Steering wheel mounted controls are at your fingertips for ultimate ease of use. Depending on the model, the intuitive technologies available cover cruise control, the audio system and hands-free telephone operation. As well as the standard air-conditioning system, optional dual-zone climate control, with pollen filter, humidity sensor and air quality control system can be specified, keeping you and your passengers comfortable whatever the weather. The optional DVD satellite navigation system, with a large high definition Touch-screen, easy-to-use menu and the extensive point of interest database, makes finding your destination as simple as possible. And, adding further to the feeling of lightness and airiness within the cabin, an optional panoramic sunroof is available incorporating an electrically operated front section. The glass is specifically formulated to filter infrared rays, providing light without unpleasant heat.
Your choice of technology can be as individual as your choice in music. Take your pick from five outstanding in-car entertainment systems, including a premium Alpine™ Dolby ProLogic II 7.1 surround system with 14 speakers.

Plus every Freelander 2 comes with an MP3 audio socket as standard. Personal telephone integration of compatible mobile phones is available via the Bluetooth® hands-free telephone system.

Sophisticated technology that adapts to you.

ALPINE is a registered trademark of Alpine Electronics Inc.

iPod not included. iPod is a trademark of Apple Inc., registered in the U.S. and other countries.

The Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc. and any use of such marks by Land Rover is under licence.
New Windsor leather adds even more prestige to Freelander 2. Now even more luxurious, the interior has the quality and tactile ambience of a premium executive saloon. The range of trim options means that the cabin can be tailored to suit the most sophisticated personal tastes as well as practical requirements.

Seat facings are now available with softer, more supple Windsor leather as part of the new optional Premium Pack, which also includes premium carpet mats with contrast binding. Napoli leather, Alcantara® and leather and hardwearing cloth are also available. Two new colourways - Ivory and Tan (both available with Windsor leather) join Almond, Ebony and Storm to make a range of five colourways. It underscores the distinguished feel of the interior and introduces significant visual enhancements to the vehicle. Light, airy and more contemporary than ever, Freelander 2 takes luxury to a new height.

Alcantara® is a registered trademark of Alcantara S.p.A.
Urban or country. Week or weekend.
First class accommodation for everyone. And every thing. Inside Freelander 2, no-one travels second class.

Driver and passengers alike enjoy generous leg, head and shoulder room. And with stadium seating putting rear passengers 50mm higher than those in front, everyone can enjoy the view. Versatility is maximised too. There is a 60:40 split rear seat plus a reversible load floor cover – carpet on one side, a water-resistant, wipe-clean surface on the other. A 12v power socket located within the loadspace provides added convenience.
A whole host of technology and sophisticated primary safety systems are packed into Freelander 2.

There are large disc brakes all round, which, on the front are reverse vented to improve thermal stability under severe braking. This means cool air is drawn into the centre of the disc, then vented out over the rim, and helps to provide stopping power equivalent to a compact sports saloon. For superior traction and better on-road fuel economy, the electronic centre coupling at the heart of Freelander 2’s intelligent four-wheel drive* system adapts continuously and instantaneously to the conditions. Pre-engaging at rest to reduce wheel spin from standing starts, it also engages instantly whenever traction loss is detected on the move.

*Not available on eD4
Getting tough with safety. The immensely strong monocoque body and inner safety cell, protected by meticulously engineered front and rear crumple zones, absorb energy on impact. While ultra-high-strength steel is used in the construction of the body, dual-phase steel, which requires special pressing because of its resilience, is found in key components such as the front windscreen pillars and lower side sills. The result is a first class, weight-efficient safety cell.

Seven airbags, fitted as standard on all vehicles, play a key role in helping to protect all occupants. Driver and front passenger airbags for head and chest protection. Driver and front passenger side airbags for side impact protection. Full-length curtain airbags provide head impact and rollover ejection protection for all occupants. Driver’s inflatable knee airbag for additional lower body protection.
Freelander 2 is packed with a number of advanced stability control systems, all fitted as standard.

Enhancing traction by reducing engine torque and applying a unique braking force to each individual wheel, they ensure both safety and capability where you need it.

**EBA** Emergency Brake Assist. Increases hydraulic pressure during emergency braking and can improve stopping distances by up to 15 percent.

**ETC** Electronic Traction Control. Senses when wheel slip is occurring and uses the braking system to minimise wheel spin.

**CBC** Cornering Brake Control. Enhances rear-end stability when braking in corners.

**DSC** Dynamic Stability Control. Designed to correct over or under steer, it interacts with the engine and brakes to help maintain stability.

**RSC** Roll Stability Control. Detects critical levels of roll and applies braking to increase the turn radius to help reduce the likelihood of a rollover.

So whatever obstacles might come your way, Freelander 2 gives you impeccable control.
Make it unmistakably your Freelander 2 with your own choice of wheels.

Nothing adds that touch of individuality quite as much and truly puts a personal stamp on a vehicle. There are three, stunning new designs: two 19 inch wheels (one of which is an eye-catching diamond turned wheel with contrast paint finish) and one 18 inch wheel.

*Diamond Turned with Contrast Paint Finish. Other wheel styles are finished in Sparkle Silver.

Please note: When choosing vehicles fitted with specific wheel and tyre combinations or optional wheels and tyres, your intended use of the vehicle should be considered. Wheels with larger diameters and lower profile tyres may offer certain styling or driving benefits, but may be more vulnerable to damage, please discuss your requirements with your Land Rover dealership when selecting your vehicle and specification.

We have one in your colour.

There’s something for every taste in our range of exterior colours with three new striking colours added: Fuji White, Kosrae Green and Baltic Blue. Two tough, distinctive finishes (Solid and Metallic) are available depending on the colour chosen. Freelander 2’s paint process involves five key stages, including a three-coat electrostatic paint application and rigorous anti-corrosion wax protection.

*Solid colour.
Inside it’s better than ever.

With premium material combinations – including leather, Alcantara® and leather and cloth - and two new colourways for the interior there is something to suit every taste and individual preference. Crowning the range is the availability of new, softer, more supple Windsor leather seating, which is part of the new Premium Pack.

For that perfect balance between interior and exterior, please refer to the recommended combinations.

FRONT SEAT AND TRIM MATERIALS  Elegant, high-quality materials are used throughout the cabin. Choose from facings in leather, Alcantara® and leather or cloth with colour co-ordinated door casing inserts. Trim colours available include Ebony, Almond and Storm Grey, with Ivory and Tan also available in Windsor leather. The front seats provide excellent support. Six-way adjustment is standard for the driver, with optional electric control and seat memory.

COMMAND DRIVING POSITION  Land Rover’s renowned command driving position improves visibility and helps the driver feel in control. A six-way adjustable driver’s seat and a steering wheel that is adjustable for rake and reach adds to the driver’s comfort.

STEERING WHEEL CONTROLS  Steering wheel mounted controls at your fingertips for ultimate ease of use. Depending on the model, the intuitive technologies available cover cruise control, the audio system and hands-free telephone operation.

Freelander 2 can be Bluetooth® connectivity enabled as an option on some models. You’ll be able to make and take calls via the vehicle’s audio system (subject to telephone compatibility).

REAR SEATS  Everyone enjoys the view with stadium seating putting rear passengers 50mm higher than those in front. Full-sized rear seats can accommodate three adults in comfort. Storage space includes door bins with integral cup/bottle holders. Incorporated within the optional rear centre armrest is additional stowage with twin cupholders.

CENTRE CONSOLE STORAGE  The rear of the Centre Console features an additional storage box for small items, an audio socket for MP3 players and a power socket, which can be used to recharge PCs and other low-wattage electrical equipment.

CLIMATE CONTROL  As well as the standard air-conditioning system, optional dual-zone climate control, with pollen filter, humidity sensor and air quality control system can be specified maintaining fresh air in the cabin, keeping you and your passengers comfortable.

Not all features are standard on all models. Please consult with your Land Rover dealership to confirm availability.
LOADSPACE The versatile rear loadspace can be expanded by folding the 60/40 split rear seats to provide a flat load floor – and up to 1,670 litres of space. With one metre between the wheel arches there’s always room for more awkward loads.

IN-CAR ENTERTAINMENT An outstanding choice of five in-car entertainment systems, all with MP3 compatibility:
- A premium Alpine™ Dolby ProLogic II 7.1 surround sound system, 12x40W amplifier, auxiliary input and fourteen speakers.
- Alpine™ branded audio system with six-disc in-dash CD player, 8x40W amplifier, auxiliary input and nine speakers.
- Alpine™ branded audio system with single slot CD player, 8x40W amplifier, auxiliary input and nine speakers.
- Audio system with six-disc in-dash CD player with six speakers.
- Audio system with single slot CD player with six speakers.

To increase your choice of listening you can also specify DAB radio.

SATellite NAVIGATION The optional DVD satellite navigation system, with a large, high definition Touch-screen, easy-to-use menu and extensive point-of-interest database, makes finding your destination as simple as possible.

CONVENIENCE FEATURES Life with Freelander 2 is so practical thanks to thoughtful technology. Available features include: An electrochromatic rear view mirror for automatically minimising the dazzle of headlamps at night. Rain sensing wipers and twin map lights conveniently located in the roof console above the rear view mirror.

SAFETY Ultra-high-strength steel is used to construct an immensely strong monocoque body and inner safety cell protected by front and rear energy absorbent crumple zones. Seven airbags are fitted as standard on all vehicles. When tested in 2007 Freelander 2 was the first vehicle in its class to be awarded a five star rating for Adult Occupant Protection in the rigorous Euro NCAP tests.

PANORAMIC SUNROOF The optional panoramic sunroof – with a fixed rear section and electric tilting/sliding front section – adds to the feeling of lightness and airiness within the cabin. The glass is specially formulated to filter the sun’s infrared rays, providing light without unpleasant heat. Both sections also include a convenient blind.
FEATURES BY DERIVATIVE

TD4 S

ENGINE & TRANSMISSION
• 2.2 litre 150hp TD4 diesel engine
• 6-speed manual transmission including intelligent Stop/Start technology and gear change indicator light (6 speed automatic transmission is a cost option)
• Diesel Particulate Filter (DPF)
• Misfuel Protection Device
• Full-time intelligent four-wheel drive.

SUSPENSION & DRIVING DYNAMICS
• Roll Stability Control (RSC)
• Anti-lock Braking System (ABS)
• Four-wheel Electronic Traction Control (ETC)
• Dynamic Stability Control (DSC)
• Hill Descent Control (HDC).

WHEELS
• 16” 5-spoke alloy wheels
• Locking wheel nuts
• Land Rover Tyre Repair System.

EXTERIOR LIGHTING
• Front halogen projector headlamps.

EXTERIOR FEATURES
• Revised front grille design in Jupiter (dark) finish
• Revised front bumper design with body coloured front sill
• Noble extended tailgate finisher
• Single tailpipes
• Black door handles.

INTERIOR FEATURES
• Interior rear view mirror, manual dimming
• Six-way driver/four-way passenger manual seat adjustment
• Tofino/Resolve pattern cloth seat facings.

COMFORT & CONVENIENCE
• Driver Information Centre
• Auxiliary heater, electrical positive temperature coefficient
• Driver and front passenger forward airbags, front seat side airbags and inflatable driver’s knee bolster
• Perimetric and volumetric alarm
• Exterior mirrors electric, heated
• Manual climate control.

INFORMATION, COMMUNICATION & AUDIO
• Audio system with radio, single CD player and 6 speakers
• Auxiliary audio input socket.

As TD4 GS plus

WHEELS
• 17” Style 2 10-spoke alloy wheels.

INTERIOR FEATURES
• Alcantara®/leather seat facings
• Interior mirror – auto dimming
• Six-way driver/four-way passenger electric seat adjustment
• Element Silver metallic interior finishers (Element Black is a no cost option)
• Heated front seats.

COMFORT & CONVENIENCE
• Footwell lamps
• Front Park Distance Control
• Map reading lamps
• Cold climate pack – heated windscreen and windscreen washers.

INFORMATION, COMMUNICATION & AUDIO
• Touch-screen navigation system with traffic message channel.
TD4 HSE
As TD4 XS plus

WHEELS
• New 18" 10-spoke sparkle finish alloy wheels.

EXTERIOR FEATURES
• Tailgate mounted spoiler

INTERIOR FEATURES
• Napoli leather seat facings and steering wheel
• Interior mirror – auto dimming with humidity sensor
• Front seats – folding armrests
• Six-way driver/four-way passenger electric seat adjustment with memory function (3 settings)
• Dark Chestnut wood effect finishers (Piano Black is a no cost option)
• Electric panoramic sunroof with illuminated vanity mirrors
• Rear seats – centre armrest with storage compartment and two cupholders
• Front and rear carpet mats
• Front centre console storage compartment.

COMFORT & CONVENIENCE
• Automatic climate control with automatic recirculation and humidity control
• Heated exterior mirrors, electric adjustment and powerfold with memory function and auto dipping in reverse gear
• Front door puddle lamps.

INFORMATION, COMMUNICATION & AUDIO
• Alpine™ Dolby Prologic II 7.1 surround sound with radio, 6-disc in-dash CD player and 6 speakers, 12x40W amplifier, subwoofer and 14 speakers
• Digital Audio Broadcasting (DAB) Radio.

SD4 GS

ENGINE & TRANSMISSION
• 2.2 litre 130hp SD4 diesel engine
• 6-speed automatic transmission featuring adaptive shifting
• Diesel Particulate Filter (DPF)
• Misfuel Protection Device
• Full-time intelligent four-wheel drive.

SUSPENSION & DRIVING DYNAMICS
• Roll Stability Control (RSC)
• Anti-lock Braking System (ABS)
• Emergency Brake Assist (EBA)

• Revised front grille design in Titan (bright) finish
• Revised front bumper design with body coloured front sill
• Noble extended tailgate finisher
• Single tailpipes
• Oberon door handles
• Body coloured mirror caps and washer jets
• Body coloured side sills and rear bumper sill.

INTERIOR FEATURES
• Tofino/Resolve pattern cloth seat facings
• Interior rear view mirror, manual dimming
• Six-way driver/four-way passenger manual seat adjustment
• Alcantara®/leather seat facings
• Interior mirror – auto dimming
• Tailgate mounted spoiler.

EXTERIOR FEATURES
• Body coloured side sills and rear bumper sill.
• Body coloured mirror caps and washer jets
• Body coloured side sills and rear bumper sill.

INFORMATION, COMMUNICATION & AUDIO
• Touch-screen navigation system with traffic message channel.

SD4 HSE
As SD4 XS plus

WHEELS
• New 18" 10-spoke sparkle finish alloy wheels.

EXTERIOR FEATURES
• Tailgate mounted spoiler.

INTERIOR FEATURES
• Napoli leather seat facings and steering wheel
• Interior mirror – auto dimming
• Six-way driver/four-way passenger electric seat adjustment
• Element Silver metallic interior finishers (Element Black is a no cost option)
• Heated front seats.

COMFORT & CONVENIENCE
• Footwell lamps
• Front Park Distance Control
• Map reading lamps
• Cold climate pack – heated windscreen and windscreen washers.

INFORMATION, COMMUNICATION & AUDIO
• Touch-screen navigation system with traffic message channel.

SD4 XS
As SD4 GS plus

WHEELS
• 17" Style 2 10-spoke alloy wheels.

EXTERIOR FEATURES
• Alpine™ Dolby Prologic II 7.1 surround sound with radio, 8x40W amplifier, MP3 disc compatibility and 9 speakers
• Auxiliary audio input socket
• Personal Telephone Integration system (Bluetooth® capability)
• Remote audio controls (steering wheel mounted).
COMMANDSHIFT®
The six-speed automatic transmission with CommandShift® is standard on SD4 models, and optional on TD4 Diesel models. CommandShift® provides manual sequential gear changes and Sports mode providing even livelier performance.

STABILITY CONTROL SYSTEMS
Freelander 2 comes with a host of stability control systems as standard, designed to enhance traction by reducing engine torque and applying a unique braking force to each individual wheel where driving conditions dictate. They include: Anti-lock Brake System (ABS), Electronic Traction Control (ETC), Electronic Brake-force Distribution (EBD), Cornering Brake Control (CBC), Emergency Brake Assist (EBA), Dynamic Stability Control (DSC), Engine Drag Control and Roll Stability Control (RSC).

REMOTE CONTROL AND START/STOP BUTTON
The remote control includes the following functions: locking and unlocking of the doors and tailgate, a 30 second courtesy headlamp delay and activation of panic alarm. In order to start the car the remote has to be docked into the facia and the correct procedure followed using the Start/Stop button.

STABILITY CONTROL SYSTEMS
Freelander 2 comes with a host of stability control systems as standard, designed to enhance traction by reducing engine torque and applying a unique braking force to each individual wheel where driving conditions dictate. They include: Anti-lock Brake System (ABS), Electronic Traction Control (ETC), Electronic Brake-force Distribution (EBD), Cornering Brake Control (CBC), Emergency Brake Assist (EBA), Dynamic Stability Control (DSC), Engine Drag Control and Roll Stability Control (RSC).

HEADLAMPS
Three types of headlamp are available: Projector Halogen headlamps with impact-resistant polycarbonate lenses. Xenon projector lamps providing crisp blue-white light letting you see further. Adaptive Xenon projector lamps that automatically swivel with the direction of travel to improve the view of the road ahead.

Remote control includes the following functions: locking and unlocking of the doors and tailgate, a 30 second courtesy headlamp delay and activation of panic alarm. In order to start the car the remote has to be docked into the facia and the correct procedure followed using the Start/Stop button.

TERRAIN RESPONSE®
Land Rover’s patented Terrain Response® system® adds to Freelander 2’s breadth of capability. Any of the four programmes – general driving, grass/gravel/snow, mud and ruts, or sand – can be easily selected by simply turning the rotary control. In addition all vehicles with Terrain Response® are also fitted with Hill Descent Control® and Land Rover’s Gradient Release Control systems®.

*Not available on eD4

PERFORMANCE WITH REFINEMENT
The 2.2 litre turbodiesel engines, now available in power outputs of 150PS and 190PS, come with common-rail diesel technology which aids economy and refinement and a Variable Nozzle turbocharger helping to deliver exceptional torque.

## Engine Data

**eD4, TD4 and SD4**

Transversely mounted high pressure injection Common Rail four-cylinder diesel. Aluminium cylinder head, double walled cast iron engine block, counter-rotating balance shafts. Water Cooled Turbocharger and Fabricated Exhaust manifold for improved performance and emissions. Engine management system mapped to deliver excellent response, mid-range torque and flat power curve. Latest Common Rail three fuel injection system. Cubic capacity 2,179cc. Compression ratio 15.8

*Manufacturer’s estimates

Fuel consumption figures: The results given here do not express or imply any guarantee of the fuel consumption of any particular vehicle with which this information may be supplied. Vehicles are not individually tested and there are inevitable differences between individual vehicles of the same model. The vehicle may also incorporate particular modifications. Furthermore, the driver’s style and road traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption.
Add style or add practicality. You can add both with Freelander 2’s exceptional range of specialist accessories. This is the perfect opportunity to tailor the vehicle to your personal activities and tastes, as well as adding distinguished styling cues.

The truly comprehensive range features carrying and towing options as well as exterior and interior styling additions. Importantly, all Freelander 2 accessories are available individually, at any stage in the vehicle’s life - not just when it’s new. Seasonal or year-round, extreme sports or touring activities, the great outdoors or the demands of urban life - we’ve got everything you need to get geared up. In fact, Freelander 2 is as versatile as you need it to be.

Vehicle shown left is accessorised with Raised Roof Rails and Cross Brace Kit, Cross Bar Kit, Bright Finish Mirror Caps, Bright Finish Fender Vents, Side Protection Tubes - Stainless Steel and 19 inch Triple Sport alloy wheels and tyres.
Stainless Steel Undershield  
VPLFT0004  
Not compatible with Sports Styling Pack 2007-2010 Model Year.

Primed Door Handle* - LR006876  
Primed Cap* (with lock symbol) - LR006877  
Primed Cap* (without lock symbol) - LR006878 - (not shown)

*Please see your Land Rover dealership for advice on paint finishing these accessories in your chosen colour.
**Fitment compatible with certain derivatives, please speak to your local Land Rover dealership.
†For vehicles not fitted with Rear Park Distance Control.
‡Please speak to your Land Rover dealership for information on Front Lamp Guards (VPLFP0076).
CARRYING & TOWING – ACCESSORIES

Raised Roof Rails and Cross Brace Kit*
Panoramic Sunroof vehicles LR007220
Non Panoramic Sunroof vehicles LR006608

Aqua Sports Carrier*
LR006846
Carries one surfboard or sailboard and mast, or one canoe or kayak. Load capacity 45kg.

Cross Bar Kit*
LR003417
Easily removed when not in use. Vehicle height when fitted 1,852mm. Vehicle must have accessory Raised Roof Rails and Cross Brace Kit fitted.

Luggage Box*
VPLDR0003
Lockable for security. Opens from both sides. External dimensions: 1,600mm long, 960mm wide, 410mm high. Volume 450 litres.

Ski and Snowboard Carrier*
LR006849
Lockable for security. Carries four pairs of skis or two snowboards. Incorporates slider rails for easy loading. Load capacity 36kg.

Luggage Rack*
LR006848
Load capacity 57kg on Roof Rails and Cross Bar

Lashing Eye Kit*
VUB503160
Six additional tie-down points for use with Crossbars T-slots.

Ratchet Strap
CAR500010
Nylon tie strap for securing items to the Crossbars and Luggage Carrier. 5 metres long, 20mm wide. Supplied individually.

*Rooft Rails and Cross Bars are required for all Land Rover roof mounted accessories. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted.
Swan Neck Tow Bar
LR007481
Fixed position tow bar.

Quick Release Tow Bar
VPLFT0009

Roof Mounted Bike Carrier
LR006847
Lockable bike carrier designed for holding a single bike. Raised Roof Rails and Cross Bar Kit will accommodate up to three bike carriers. For further information on Land Rover bikes please go to www.2x2worldwide.com.

Bike Carrier
STC50063
Fits to the Fixed-Height Tow Bar only [LR007479].
Holds two bikes. Trailer may be towed at the same time. Not compatible with friction type tow hitches.

Fixed Height Tow Bar*
LR007479
Bolt on tow ball. Compatible with tow bar mounted bike carrier [STC7929].

Lighting Board
STC8153
4 metre cable plugs into ‘N’ Type Towing Electrics socket.

Designated exclusively by Land Rover, our unique all-in-one tyre pressure monitoring and hitching aid system incorporates leading edge technology to give you complete reassurance and peace of mind, whether you’re on- or off-road towing. For more information go to www.landrovertrailair.co.uk

Map updates for your Land Rover Satellite Navigation System. For more information, please go to www.navigation.com/landrover.

Stolen Vehicle Tracking
Land Rover Watch and Land Rover Trackstar are the pan-European vehicle tracking systems for Land Rover. They comply with Europe’s highest insurance standards and are available in two formats: Standard and Advanced. The system constantly monitors the vehicle, so you can be assured protection is provided 24 hours a day, 7 days a week both in the UK and in European countries that have adopted the GSM mobile phone system. Please see your Land Rover dealership for further details.

13 Pin Towing Electrics**
(Shown above) - VPLFT0002
European-style towing electrics capable of supplying all trailer rear lighting and interior equipment power. Not compatible with the Lighting Board.

‘N’ and ‘S’ Type Towing Electrics**
(Shown above) - VPLFT0001
Provides all trailer rear lighting and interior equipment power, where required. Supplied as a combined kit. Compatible with the Lighting Board.

*Vehicles fitted with a Sports Styling Pack 2007-2010 Model Year require a separate towing electrics socket bracket kit (LR004084). Please see your Land Rover dealership for further details.

**These Accessories are not suitable for Caravans, Trailers or Lighting Boards fitted with rear-mounted LED Lamp Kits.
WHEELS – ACCESSORIES

19 inch, 10–Spoke Alloy Wheel and Tyre – Shadow Chrome Finish
LR002797* (315MHz), LR002799 (433MHz)
Tyre size - 235/55 R19
Centre Cap
Shadow Chrome Finish - RRJ500030MNL
Bright Polished Finish - RRJ500060MUZ

19 inch, Triple Sport Alloy Wheel and Tyre – High Gloss Finish
LR002803* (315MHz), LR002805 (433MHz)
Tyre size - 235/55 R19
Centre Cap
High Gloss Finish - RRJ500030MCM
Bright Polished Finish - RRJ500060MUZ

18 inch, 5–Split Spoke Alloy Wheel and Tyre – Sparkle Silver Finish
LR002797* (315MHz), LR002799 (433MHz)
Tyre size - 235/60 R18
Centre Cap
Sparkle Silver Finish - RRJ500030MNH
Bright Polished Finish - RRJ500060MUZ

Snow Traction System
LR005169
For front 17 inch and 18 inch wheels only

Please note: When choosing vehicles fitted with specific wheel and tyre combinations or optional wheels and tyres, your intended use of the vehicle should be considered. Wheels with larger diameters and lower profile tyres may offer certain styling or driving benefits, but may be more vulnerable to damage, please see your Land Rover dealership for further details. Wheels and tyres are not supplied with centre caps.

The alloy wheels shown on page 29 may also be available as an Accessory fitment, please speak to your Land Rover dealership for further details.

TOURING – ACCESSORIES

Electric Cool Bag
(not shown) - VUP100140L
Powered by the 12 volt auxiliary socket.
Thermostatically controlled temperature.
Easy clean interior surface. Height 380mm, length 380mm, width 220mm. Volume 14 litres.

Bulb Kit
LR003013

Fire Extinguisher
(not shown) - LR002523
1kg powder extinguisher with floor mounting bracket.

Fire Extinguisher
(not shown) - LR002524
2kg powder extinguisher with loadspace board mounting bracket.

Warning Triangle
(not shown) - KCC500021

First Aid Kit
(not shown) - STC7642
Aids in the treatment of cuts and grazes.

Tow Strap
(not shown) - STC8919AA
Includes storage bag that can be attached as a warning flag to the strap. 3,000kg maximum load capacity.

Touch-up Paints
A comprehensive range of touch-up paint sticks and aerosols to help your Freelander 2 look as good as new despite those minor chips and scrapes.
Please see your Land Rover dealership for further details.
INTERIOR STYLING – ACCESSORIES

Flexible Loadspace Liner
VPLFS0005
Heavy duty fabric protects loadspace up to window height.
Covers loadspace floor with second row seats folded.

Rigid Loadspace Protector
LR002424

Loadspace Rubber Mat
VPLFS0001
Waterproof with retaining lip and non-slip surface.

Luggage Net
LR003852
Secured to rear of second row seating.

Load Retention Net
VUB503130
Utilises loadspace tie down points. Includes floor net and two ratchet straps. Strap length approximately 2 metres.

Cargo Barrier
LR002521
Easily removed. Retains cargo according to EC Regulation 17.

Cargo Divider
LR002522
Separates pets from cargo. Lockable outer gate on one side. Must be fitted with Cargo Barrier.
INTERIOR STYLING – ACCESSORIES

Nutmeg Carpet Mats
RHD LR007816

Ebony Carpet Mats
RHD LR002485

Rubber Mat Set
RHD LR002481

Audio Connectivity System
VPLFE0002
Link lead installation to integrate iPod Nano Gen 1, 2 and 3, iPod Video 30 + 60 + 80Gb, Classic, iPhone and iTouch into the vehicle audio speaker system, using the steering wheel controls (where fitted) for track selection and volume. In addition the link lead also acts as a charger for your iPod device. iPod not included.

iPod Link lead also available separately VPLAE0003

Front and Rear Sill Tread Plate Kit
LR002525
Finished in highly polished stainless steel.
BABY–SAFE plus II infant carrier*
VPLMS0007
For babies 0-13kg (birth to approximately 12-15 months). Includes sun/wind canopy. Padded machine washable cover. Can be installed with the vehicle’s 3-point seat belt or the BABY–SAFE ISOFIX Base VPLMS0008 (shown below).

DUO plus Child Seat*
LR006637
For children 9-18kg (approximately 9 months – 4 years). One-pull, height adjustable headrest and harness. Padded machine washable cover. Forward facing on rear seat. ISOFIX system anchors the seat directly to the car’s ISOFIX connection points.

KID plus Child Seat*
LR004940

BABY–SAFE ISOFIX Base*
VPLMS0008

Waterproof Seat Covers
Sand**
Front Seats LR005059
Rear Seats (no armrest) LR004926
Rear Seats [with armrest] LR004929

Waterproof Seat Covers
Aspen**
Front Seats LR005058
Rear Seats (no armrest) LR004927
Rear Seats [with armrest] LR004928

*Children are safer when correctly restrained in the rear of a vehicle. **Note: All seat cover patterns and colours are periodically updated.
**Protects seats from mud, dirt and wear and tear. Machine washable. Includes headrest and armrest covers. Colours shown may differ from the actual product.

Our plan for a sustainable future.
We take our responsibility to our planet very seriously, with an integrated and innovative approach for a sustainable business and lower carbon world. As a company we are committed to:

Reducing our dependency on fossil fuels and the production of man-made CO$_2$ emissions...

Using fewer resources and creating less waste...

Enthusing our employees and stakeholders for sustainable business development

At Land Rover we do this by investing in four key areas:

**e_TERRAIN TECHNOLOGIES. EFFICIENT POWER SYSTEMS; LIGHTWEIGHT STRUCTURES, REDUCED EMISSIONS**

A joint £800m investment into new technologies designed to reduce CO$_2$ emissions and improve fuel consumption. We are targeting a 25 percent reduction in joint fleet average tailpipe CO$_2$ emissions within the next five years. Beginning with an intelligent Stop/Start system on Freelander 2 diesel manual, followed by Intelligent Power Systems Management (IPSM) with Smart regenerative braking on all Discovery 4, Freelander 2 and Range Rover vehicles, to the announcement of our new compact Range Rover, e_TERRAIN TECHNOLOGIES form a fundamental part of our carbon management plan.

**Freelander 2 eD4 models with intelligent Stop/Start now have 158g/km CO$_2$ emissions**

**SUSTAINABLE MANUFACTURING. USING FEWER RESOURCES AND CREATING LESS WASTE**

World class manufacturing facilities, certified to ISO14001 since 1998. As a company we are targeting a 25 percent reduction in operating CO$_2$ emissions by 2012, 25 percent in waste to landfill and 10 percent in water consumption, based off 2007 levels. Going forward we are measuring our total operating carbon footprint and setting targets to reduce it; since 2006 this integrated approach has included the carbon offset of all manufacturing assembly CO$_2$ emissions from our Solihull and Halewood plants. But it doesn’t stop there. Every new vehicle is designed to be 95 percent recoverable and reusable – with 85 percent that’s recyclable and a further 10 percent that can be used to generate energy.

**In 2009, we reduced our CO$_2$ emissions by 26,550 tonnes, water consumption by 192,000m$^3$ and 1,300 tonnes to landfill**
CO₂ OFFSETTING. INVESTING IN RENEWABLE ENERGY, TECHNOLOGY CHANGE AND ENERGY EFFICIENCY PROJECTS

For every tonne of CO₂ emitted during the manufacturing assembly of all our vehicles, Land Rover invests in carbon reduction projects that reduce an equivalent tonne of CO₂ elsewhere. In addition, we enable our customers to offset their first 45,000 miles/72,000 km of driving in their new vehicles. We do this in the UK as well as countries in Europe, the Middle East and Asia. Independently administered by ClimateCare and governed by a body of climate change experts, CO₂ offsetting allows us to take action now, to reduce our impact on the environment as part of our integrated carbon management plan.

Land Rover currently has 19 emissions reduction projects in our plan to offset approximately 2,500,000 tonnes of CO₂ by 2012...

Our customers in the Middle East have contributed over $1,650,000 to this target since October 2008...

We have three Gold Standard projects in the portfolio: energy efficient stoves in Uganda and Ghana and wind generation in Aliaga Turkey.

CONSERVATION AND HUMANITARIAN PARTNERSHIPS. WORKING PARTNERSHIPS FOR CONSERVATION & SOCIETIES GAIN

Our vehicles are designed for purpose, so are used by conservation and humanitarian organisations worldwide. Working with our five Global Conservation partners and the International Federation of Red Cross and Red Crescent Societies (IFRC), Land Rover is proud to support the important work of the Royal Geographical Society (with IBG), The Born Free Foundation, Earthwatch Institute, Biosphere Expeditions and the China Exploration and Research Society.

As part of our Sustainability policy Land Rover has actively promoted responsible off-road driving since 1990...

This year Land Rover launched a new three-year global initiative with the IFRC entitled ‘Reaching Vulnerable People around the World’ through which Land Rover aims to support IFRC’s life saving work. To date Land Rover has given over £2.5m worth of support to IFRC, including vehicle donations and funds raised.

LAND ROVER FINANCE Land Rover finance offers a wide range of competitive finance and insurance plans, developed exclusively for Land Rover owners and tailored to meet all your individual requirements*. With Land Rover Finance you are dealing with people who have a close working relationship with your local dealership and who are as passionate about Land Rover as you are. Your Land Rover dealership will match your personal or business requirements to the most appropriate finance plan, provide you with quotations and process your application.

WARRANTY Every new Land Rover supplied by Land Rover UK comes with a standard three year unlimited mileage warranty. Please apply to your dealership at the time of purchase for full details of the manufacturer’s terms and conditions.

LAND ROVER CONTRACT HIRE is designed to make the Fleet Manager’s job easier. Contract Hire is an efficient way of paying for the use of a vehicle without absorbing the costs of ownership and allows your company to make a fixed monthly payment whilst removing assets from the balance sheet. Please contact your Land Rover dealership for more information.

*Finance is subject to status and conditions. Available to over 18’s in the UK only.
Guarantees/indemnities may be required. Certain categories of business user may be excluded.
